**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It was a big relief when I found a local competitor to the big-brand internet providers. As a small business owner in a volatile industry, it was important for me to have a fast internet connection. The big brand I was with had erratic data service and poor customer service. The local provider I switched to gets me more reliable internet in my smaller town, at half the price --- two big wins for this self employed business owner!

I want competition among internet service providers so there is motivation to continue to improve services and find more efficient ways to get my business access to the web. Please make sure my local provider can keep competing.
